Power Punch

Lukas Cormier's 5-on-3 power play goal on Friday gave the Silver Knights power play goals in four straight games. The HSK are 6-for 20 on the man-advantage over that span. Cormier's goal was the fifth 5-on-3 goal scored by the Silver Knights this season.

Henderson has already had 17 two-man advantages in only 39 games this season, and three in the last four contests. The Stars are the second-least penalized team in the AHL. While their penalty kill is 26th league-wide, they have given up only four power play goals in their last ten games.
