Quotebook: Ryan Craig

"There are moments in the game, like two goals off of face-offs. We need to get heavier and harder in the circle with our support. We need to get heavier and harder at our net front, and our forwards need to find ways to get into lanes. If it's your turn to block a shot

then you have to get in the lane. Our forecheck needs to be heavier and harder. I liked our stick detail on that tonight, but we need to be a harder team to play against."
